

MULTI-LOCATION SERVICES

Managing your telecom solutions across different locations can be extremely frustrating, especially when dealing with multiple carriers. Fortunately, **Smart Choice** provides a single platform designed to consolidate your invoices, eliminate the hassle, and save you time and money. With SCC, you can still effectively use your designated communications solutions at all respective locations, and receive a single invoice that details your entire company's activity!

BENEFITS

- **Consolidate All Phone/Internet Invoices**

SCC eliminates the hassle of having to deal with countless invoices by conveniently consolidating them all into one unified bill—which can ultimately cut costs associated with invoice management across multiple locations.

- **One Main Phone Number**

Designate one main business phone number as your auto-attendant to easily route your calls across multiple locations.

- **Partner with Third-Party Companies**

SCC works with third party companies to integrate with your existing retail solutions such as POS systems, CCTV, fire alarms, elevators, digital signage, cabling, WiFi, and more.

- **One Bill Including Sub-Accounts**

SCC breaks down invoices by location to provide you with the information you need, all in one place.

- **Failover to Other Locations**

If one location goes down, SCC's automatic failover is immediately activated to prevent downtime and ensure all other locations can continue to operate without any interruption.

- **Time of Day Routing**

Set specific conditions to route calls based on time of day/week/month or on holiday scheduling.

- **One Contact for All Technical Support**

SCC acts as a single point of contact for all your communications needs and is available for assistance 24/7/365.

- **Smart Halo – 24/7/365 Proactive Monitoring**

SCC's dedicated engineers monitor every location's network 24/7/365 to analyze statistics, detect potential issues and alert you immediately of any unusual activity.
