MASS VOICEMAIL DELETE

5. After selecting the voicemail option all the voicemails for the extension will be displayed. To delete all the messages simply check the box on the top left next to "Date". This will select all the messages, and you will be able to delete them by pressing the "Delete" button on the bottom left hand side of the screen.

The screenshot shows a web interface for voicemail management. On the left is a navigation menu with options: Overview, Voicemail, Messages, Settings, Contacts, Features, and Logout. The main area is titled 'Messages' and shows a list of messages under the heading 'Inbox - new messages (380)'. The list has columns for 'Date', 'Time', 'From', 'Duration', and 'listen'. A red circle highlights the checkbox in the top-left corner of the message list. Below the list, there are action buttons: 'delete' (circled in red), 'move to', 'Inbox - old messages', 'copy to mailbox', and 'select'.
